

**U.S. EPA RESTRICTED USE PESTICIDE
Application Record Keeping Requirements Form**

Engenia[®]

Herbicide

Applicators must keep the following records for a period of two years (unless your state requires longer); records must be generated within 72 hours of application (unless your state requires shorter) and a record must be kept for each application to each field. Records must be made available to State Pesticide Control Official(s), USDA, and EPA upon request. The following information must be recorded and kept as required by the Federal Pesticide Record Keeping Program, 7 CFR Part 110:

Before Application	Full Name of Certified Applicator		State Certification # for the Applicator	
	Product Name	EPA Reg #		Sensitive crop record keeping requirements (see page 2)
	Purchase receipts (check for yes)	Engenia	Sentris or other approved pH buffering adjuvant	Approved DRA (if required)
	I have a copy of the product label and state special local needs labels (check for yes)			
	Target pest (s) (complete if required by your state)			(e.g., required for Commercial applicators in Iowa)
	Date of dicamba training completion ¹		Provider	
<small>¹ All applicators must complete dicamba training before application via: 1) state-required training in state of application, 2) a registrant of a dicamba product approved for in-crop use with dicamba-tolerant crops, or 3) a state-authorized provider.</small>				

Application	Date of Application	DT Crop	Location of the Application (field name or GPS coordinates)	
	How was the product applied?	Preemergence	Postemergence	
	Spray Nozzle Type	Spray Pressure	pH Buffering Adjuvant	Rate/A (fl oz)

Tank Mixes	<i>(List all pesticides, adjuvants, and other products - EPA Reg # only required for pesticides)</i>			
	Product ²	EPA Reg #	Product ²	EPA Reg #
	<small>² Drop-down list includes approved BASF tank mix products and associated EPA Reg # only. See Engeniatankmix.com for complete list.</small>			

Spraying Conditions	Engenia Rate/A (fl oz)	Acres Treated	Total Gallons Engenia Applied (÷ 128) =	
	Start Time	: am pm	End Time	: am pm
	Air Temperature (at boom height)	° F	Air Temperature (at boom height)	° F
	Wind Speed (at boom height)	mph	Wind Speed (at boom height)	mph
	Wind Direction		Wind Direction	

Cleanout	Date	Method of cleanout
	Before Application	
	After Application	

Engenia herbicide is a U.S. EPA RESTRICTED USE PESTICIDE. This form meets the RUP record keeping requirements for Engenia herbicide per the U.S. EPA label Reg No 7969-472, at "RESTRICTED USE PESTICIDE APPLICATION RECORD KEEPING AND TRAINING REQUIREMENTS." Please check with your state pesticide regulatory authority as additional requirements may be imposed by your state.
